If you're coming from a country other than the US we will check the visa requirements for you.

ON THIS SPIRITUAL JOURNEY TO EGYPT

we'll have the opportunity to be in the presence of sacred space designed for the purpose of spiritual alignment and for remembering and exploring the ancient mysteries of Egypt. Truly these temples serve a special function, to stir and encourage the divine to awaken within us – to illuminate the way to enlightenment. During this heart-opening journey with facilitator Samvedam Randles, we'll dream our own spiritual transcendence just as the ancient mystery school initiates did thousands of years ago through ceremony, meditation and group process.

The 2012 trip cost is: \$4995.00 USD per person double occupancy INCLUDING international flights from JFK, internal flights to Abu Simbel, plus ALL meals. Should you choose to join us in Egypt from another country or desire a single room contact us for pricing. Questions? Ring Sheri at 727-421-0849.

Samvedam Bettina Randles, Dipl. Psych.

Originally trained as a psychologist, Samvedam studied various spiritual traditions with many wonderful teachers. In an Ashram in India she practiced meditation, yoga and breath work, then she continued her studies apprenticing with shamans from North and South America. She loves conducting sacred journeys and vision quests because they give her the opportunity to combine all her spiritual teachings with modern therapeutic methods such as Family Constellation work. Watching people transform is what brings her joy and inspired her to open the Inner Arts Institute in Watertown, Massachusetts, where she teaches and guides people on their life journeys. Check out her website at: www.innerartsinstitute.com/
